About Us

Key international, Inc. is a full-service corporate and hospitality furniture provider. Established in 1991 in New York. Key has offices in New York, Texas, Shanghai, and Tokyo. Our branch network is unique among furniture dealers and facilitates the servicing of our clients with bicoastal US, Japan, China, and Pacific Rim operations. We specialize in superior quality furniture for some of the world's finest four and five-star hotels. We are a favored source of many award-winning interior designers and design firms.

Key international Inc. can produce orders of any size ranging from a quantity of one to several thousand pieces, all at a fair price and reasonable lead time. All Key international Inc. furniture is custom-made to order. Our architecturally-trained designers and project managers submit detailed shop drawings to the interior designers for approval, along with custom finish samples produced by our experienced finishers. Our QC team has full time quality control and engineers working inside the factories to ensure the high standards of the Key international Inc brand name.

1. Art Design Concept and Design Development

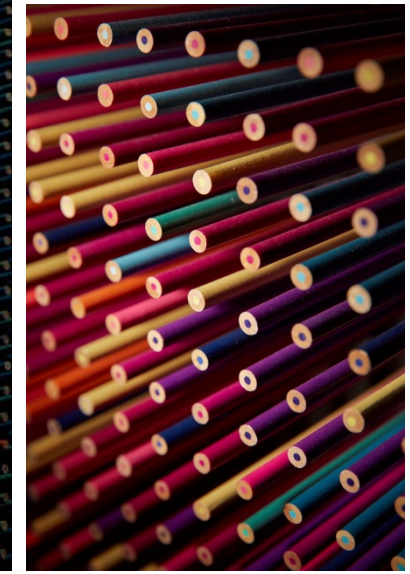

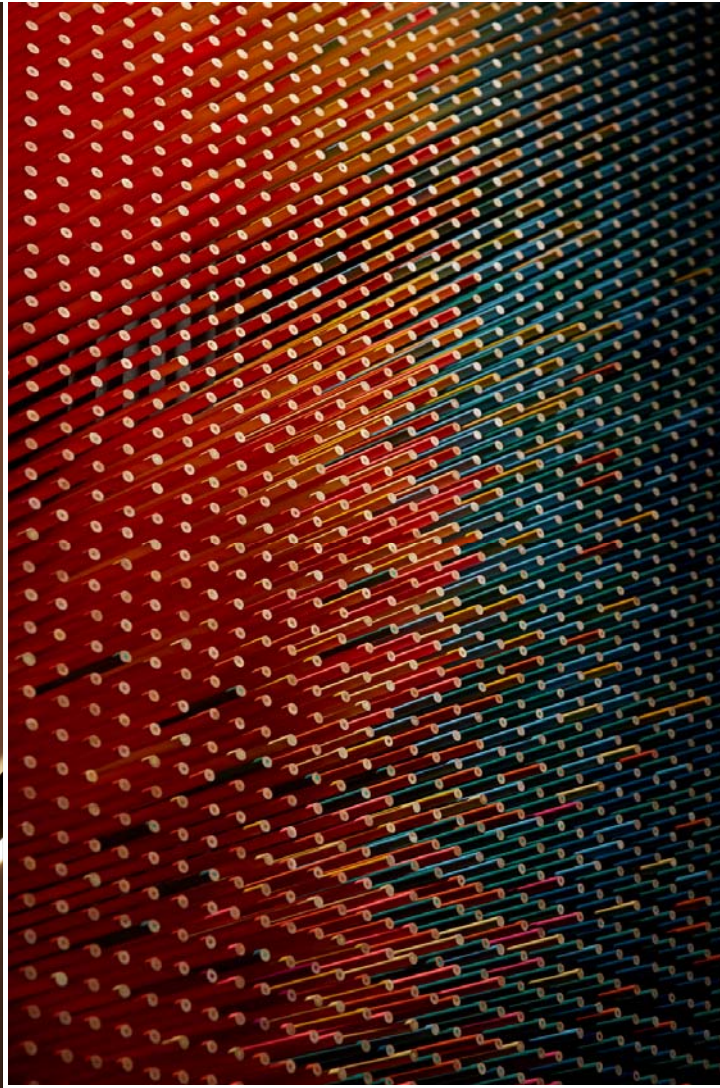

Our team will be clear about design intentions and understand basic information on the hotel project. During this process, our team will propose key space artworks and communicate with the interior designer, the hotel management and the hotel owner to ensure the design direction of artwork proposal. Our team will make a list based on the finalized proposal, which will include information on various artworks and decorations and their budgetary prices.

2. Procurement

After the deepening proposal and the budget are approved, project implementation may start. Our team will handle the whole project throughout the process, including cooperation with artists, purchase of finished products, and manufacture supervision of special artworks and decorations.

3. Installation

Onsite displays and installations are important steps in perfectly presenting the entire artistic effect. Our team will cooperate with specialized consultant teams in providing ultimate adjustment opinions for the final display of each artwork to achieve the expected design effect and will deliver a complete artwork manual to the hotel management, so that they can easily explain to their guests in detail and depth.
